HOLD OPEN DOOR KEEPER

TODCO's New Hinged Bottom Roller Holder

- **REDUCE** costly damages and downtime.
- **INCREASE** valuable loading space.
- TODCO's Hold Open Door Keeper allows an open roll-up door to rest behind the header providing maximum height clearance and minimal interference while loading and unloading freight.
- Operates with 1" or 2" rollers.
- Aluminum Link Arm with stainless steel pin.
- Backplate available with E-coat or EverWare coating.
- Specify part #93897.1000 (1" Track & Rollers) or #93897.2000 (2" Track & Rollers) for new installations.
- Contact TODCO for product compatibility on existing doors.
